

Compact. Unique. Dependable.

Sure-Seal® connectors offer a wide range of interconnect solutions for your demanding engineering challenges.

The demand for high performance versatile designs, for use in harsh environments and industrial applications, requires robust interconnect solutions.

Sure-Seal® products are developed specifically to perform reliably and safely, while resisting contamination, moisture, and vibration. Sure-Seal® industrial connectors and cable assemblies are rugged and highly reliable.

- » Industrial automation, marine, agriculture, energy, transportation, communication, medical, and robotics
- » Offering a range of harsh environment connectors including: M-Series, USB, HDMI, Single Pole Power, Standard K, Sure-Seal Connector, Circular Connectors, RF Coax, and more
- » Offers custom solutions with a fast turn around and low MOQs
- » RoHs compliant IP67/68 rated connectors, cable assemblies, and accessories
- » Technical support backed by decades of practical industry experience
- » Extensive stocking portfolio for same day shipment
